PROFESSIONAL SUMMARY

Full Stack Developer with practical experience building and deploying web applications using React.js, Next.js, TypeScript, Python, Django REST Framework and PostgreSQL. Led a collaborative CRM project, contributing to frontend and backend development, REST API integration, JWT authentication, CRUD operations and reusable components. Independently developed a full stack ecommerce application using React, Redux Toolkit and Django, along with a Next.js ecommerce frontend. Previous professional experience in Temenos T24 development using Infobasic and the Java-based TAFJ framework, including enquiries, versions and payment module functionality. Seeking entry-level opportunities in Full Stack, Frontend or Backend Development.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript (ES6+), Typescript, HTML5, CSS3, Bootstrap 5, Material UI, Redux

Backend: Python, Django, Django REST Framework, Node.js, Flask, REST APIs, JWT Authentication

Databases: PostgreSQL, Microsoft SQL server, Stored procedures, views

Tools and Deployment: Git, GitHub, Postman, VS Code, Figma, Vercel, Render

Additional technologies: Temenos T24, InfoBasic, TAFJ, Java basics

EXPERIENCE

Full Stack Developer Intern | Upcode Software Labs

October 2025 - Present

- Develop responsive web interfaces and REST API integrations using React, Next.js, TypeScript, Python and Django.
- Serve as Team Lead on a collaborative CRM project, coordinating development tasks and contributing to reusable components and application features.
- Independently developed and deployed a full stack ecommerce application with authentication, cart management, checkout and order history.

Software Engineer | VPRO Technologies | Kerala, India

June 2023 – May 2024

- Contributed to a file upload feature for the Payment Order module in Temenos T24.
- Worked with InfoBasic and the Java-based TAFJ environment, including enquiries, versions and core banking modules.

Adhoc Assistant Professor | College of Engineering Trikaripur | Kerala, India

July 2015– March 2016

- Taught Compiler Design and System Programming, and conducted Computer Graphics and System Programming laboratory sessions
- Guided students through programming exercises, assignments and technical concepts.

PROJECTS

CRM Customer Relationship Management System | Team Lead and Developer

Next.js, TypeScript, Material UI, Django REST Framework, PostgreSQL

- Collaborated on a CRM application covering companies, leads, deals and support tickets, with authentication and protected pages.
- Contributed to reusable list and form components, API integration and dashboard functionality while coordinating team development.
- Supported record details and activity tracking through notes, emails, calls, tasks and meetings.

SHOP.CO Full Stack Ecommerce Application | Individual Project

React, Redux Toolkit, Bootstrap, Django REST Framework, PostgreSQL

- Built product browsing, search, product details, user registration and JWT login, cart management, checkout and order history.
- Developed frontend state management and Django REST APIs for products, accounts, cart items and orders.
- Deployed the frontend on Vercel and the backend on Render with PostgreSQL.

ECART Next.js Ecommerce Application | Individual Frontend Project

Next.js, JavaScript, Bootstrap, App Router, Pages Router

- Developed a responsive ecommerce frontend with a home page, product listing, product detail pages and add-to-cart functionality.
- Implemented page navigation using both Next.js App Router and Pages Router and styled the interface with Bootstrap.

EDUCATION

M.Tech in Software Engineering

Cochin University of Science and Technology, Kerala | 2013 - 2015 | 82.5%

B. Tech in Computer Science and Engineering

College of Engineering Trikaripur, Kerala | 2008 - 2012 | 74.3%

Higher Secondary (Plus Two)

Govt Higher secondary school Kunhimanagalam, Kannur,Kerala | 2006-2008 | 93%

TRAINING AND CERTIFICATIONS

AI-Powered Full Stack Developer Internship (React + Python)

Upcode Software Labs 10/2025 – Present

AI Bootcamp

Upcode Software Labs 2025

Faculty Development Programme certificate, ICT Academy of Kerala.

ACHIEVEMENTS

- Team Leadership Led a 5-member full-stack development team in building and integrating a CRM application, coordinating development tasks, frontend-backend integration, and overall project delivery.
- Qualified Graduate Aptitude Test in Engineering (GATE), 2013.
